

A COLLECTION OF VLADIMIR PUTIN'S FAVORITE JOKES ABOUT DONALD TRUMP - TRY THEM ON TRUMP, YOURSELF!

He'll probably lie that
"He knows what the
Russians are saying!"

DEPARTMENT OF STATE
WASHINGTON

Dear Mr. President,

Good afternoon. Your request for a translation of the "Russia's Idiot" TRUMP TRACT that was discovered on the Internet has returned the following data from our specialists.

Item 1: The "KNOCK-KNOCK" joke on the left side column refers to Donald Trump's intelligence, with a desire to obstruct his ability to digest freely. The punchline jokes about Trump's body odor.

Item 2: The bottom riddle asks what is "Putin's nickname for Trump". The answer in Russian translates to: "SWEETIE SEX-BOY OF PUTIN".

Item 3: The ARISTOCRATS JOKE is introduced in English with a lengthy full joke in Russian. Here is the Russian-half, fully translated:

The family gathers in a circle and each begin to pull \$100 bills from the posterior of their patriarch. TRUMP grabs the dog by its genitals and, using the dog's 'pippy' as a harmonica, plays the Anthem of Russia, periodically screaming out "Show me the money!" TRUMP then masturbates on all wives and children, until his micro-dickie gets tired and quietly falls asleep, cozily curled up on his 3rd wife's thigh. "Wow, you guys are something!", exclaims the talent agent, "what do you call your act?" The family wakes up, and screams: "THE ARISTOCRATS!"

Let me know if you have any questions.

Sincerely,

Vladimir Putin

ARISTOCRATS!"
