

MAKE AMERICA PENCE AGAIN

My Name's
Mike Pence
And no one can
take my juice!

THE RUNNING MATE

T.T. 06

IN DEFENSE OF OUR PRECIOUS BODILY FLUIDS

**The body is a sacred place.
And so is Mike's bunker.**

That's why Mike Pence THINKS TWICE before he lets it all out for everyone to see. His secret? Retention. A whole lot of it.

Introducing RETENTION, from Raximil. It's the only pill that keeps your bodily fluids ... your Strange Loving Essence ... Your deepest thoughts DEEP INSIDE. Side effects include an abusive anger aimed at women, being on the wrong side of history, chronic fatigue, and DOOFUS.

Disposable Helmets

A new product for the man who fears everything: Just think about it. Helmets you can wear for days ... weeks ... months ... Heck, a whole lifetime. Whenever you want a new one, just throw the old one away! Disguised neatly as a head of white hair on a weird looking scalp. No one will ever know what you're hiding.

SO PENCED UP RIGHT NOW

I woke up at four in the morning with the biggest need to Pence. I could barely hold it in. I ran into the bathroom and let out the loudest sounding Pence you'd ever heard. It woke up the cat. What America needs right now is the right Pence for the job. **We need a release!**
