Say what I put in your mouth or DIE, slave!

(ahem) Let's start a RACE WAR, Folks!

TRUMP'S SUFFOCATING MOUTH!

The Ugly Art of the Deal

T.T.10

REVEALED: Recent forensic science has determined Donald Trump's body mass to be: 5% Water, 85% Straw, and 10% Hot Air.

TRUTH: Donald Trump died during a 1963 satanic ritual. Now, all that exists is his mouth.

THE HORRIFYING TRUE STORY OF AN UNHAPPY BOY:

Back when Donald Trump was 17, he participated in an unholy moment - where he pleaded the Devil for the world's attention, in exchange for his body, mind, and soul. All worked well until 2016, when Trump ran for President, and the Devil, always patient, took control of Trump's words. Now, he must say whatever joke is on the mind of the Devil, a prank that changes daily. If he resists, **Trump will suffocate!**

The Devil Replies:

“Hey, He Asked For It.”

Listen, don't ask me for any favors and then complain once you get exactly what you've asked for. It was 50 years ago. If he doesn't like what I shove in his mouth when that hole opens, then he shouldn't have begged me in that ceremony with the goat.

— The Devil, when asked about Trump's mouth on NBC Today

WHAT THE BIBLE SAYS: Donald Trump's soul will not survive (nor will his presidential campaign) but there is still laughter in our heart for Trump's time on the Earth. If you meet him, embrace his mouth. Tell him you understand the joke being played upon him, and wish him humility. ...Even as his vain complicity dooms him to eternal pain and lasting mockery...the sharpest knives...hottest fire.
